# Announcements

Lab 3 (JavaScript) out, due Friday 4/19.

Project 2 out, due next Friday 4/26.

# Quality Submissions

### Seasonal Sunshine and Rainfall Trends in Major U.S. Cities

- city**
- Chicago
  - Houston
  - Miami
  - New York City
  - San Diego
  - San Francisco

# Which US region (Western, Central, or Eastern) has the highest average rainfall throughout the year?

## Rain Distribution Across Major U.S. Cities

Rain (inches)

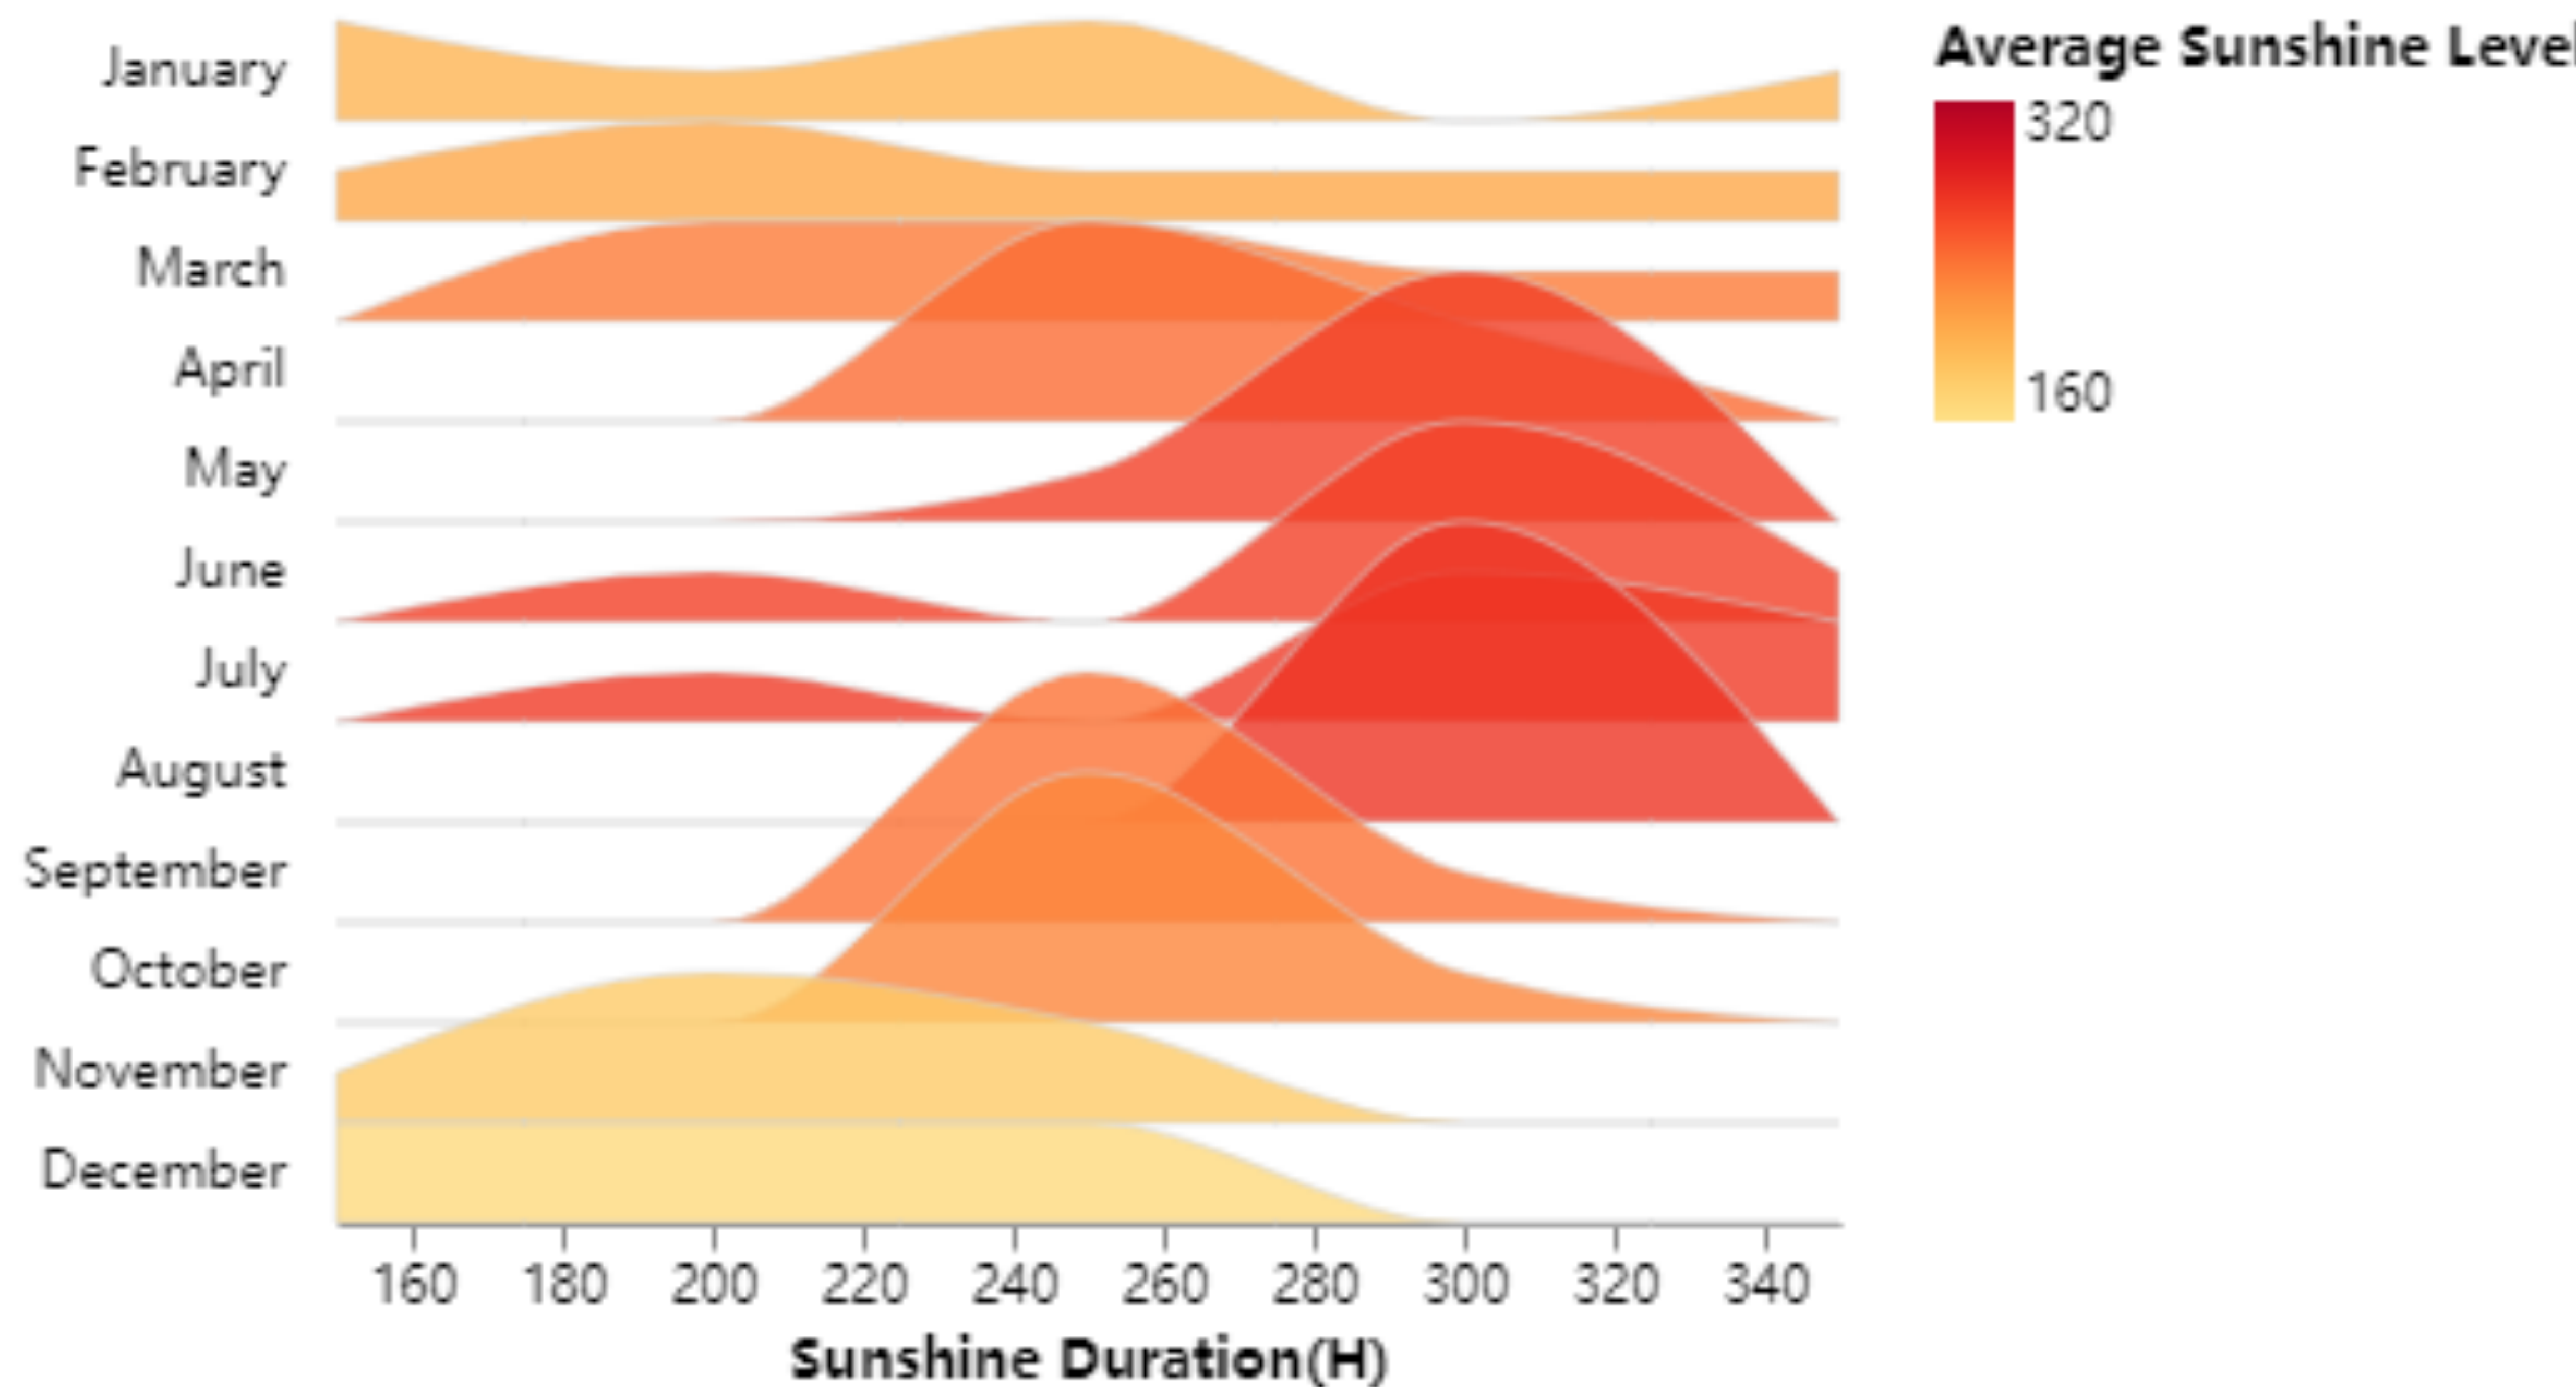

# How Rainfall Differs Between Cities Through the Year

The size of the line represents the average inches of rainfall for that month

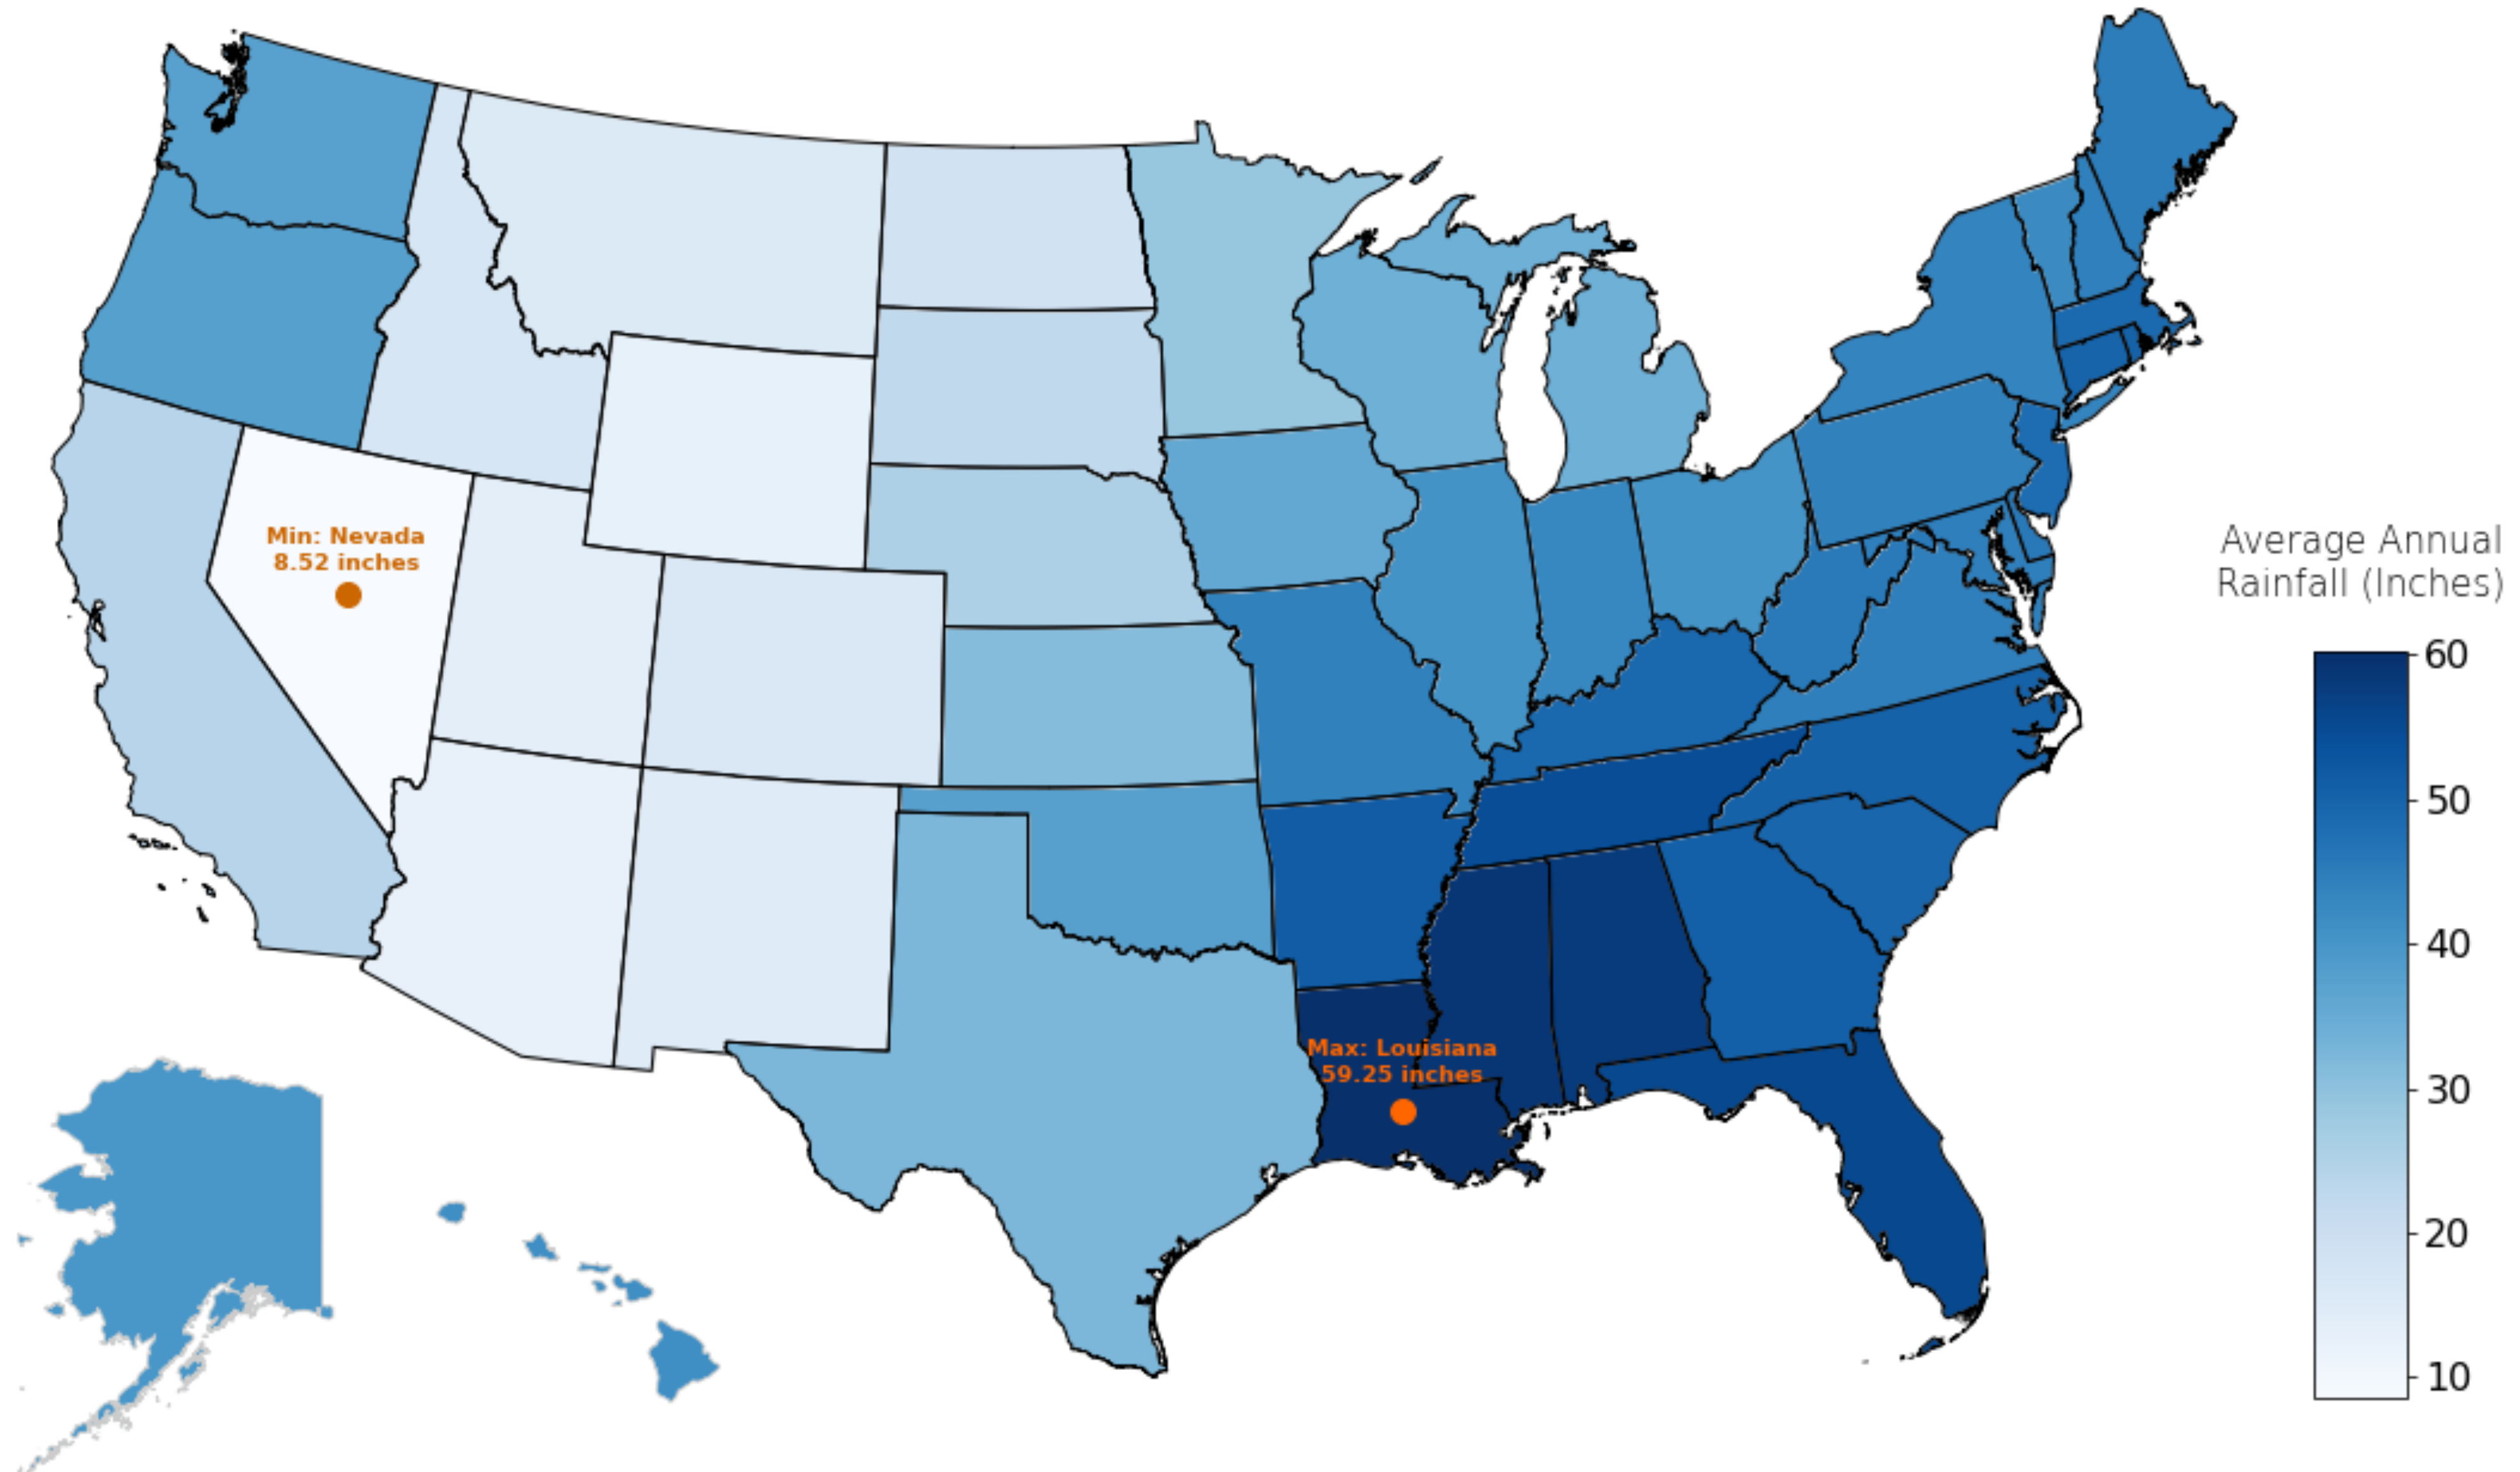

# Sunshine Distribution Across Months

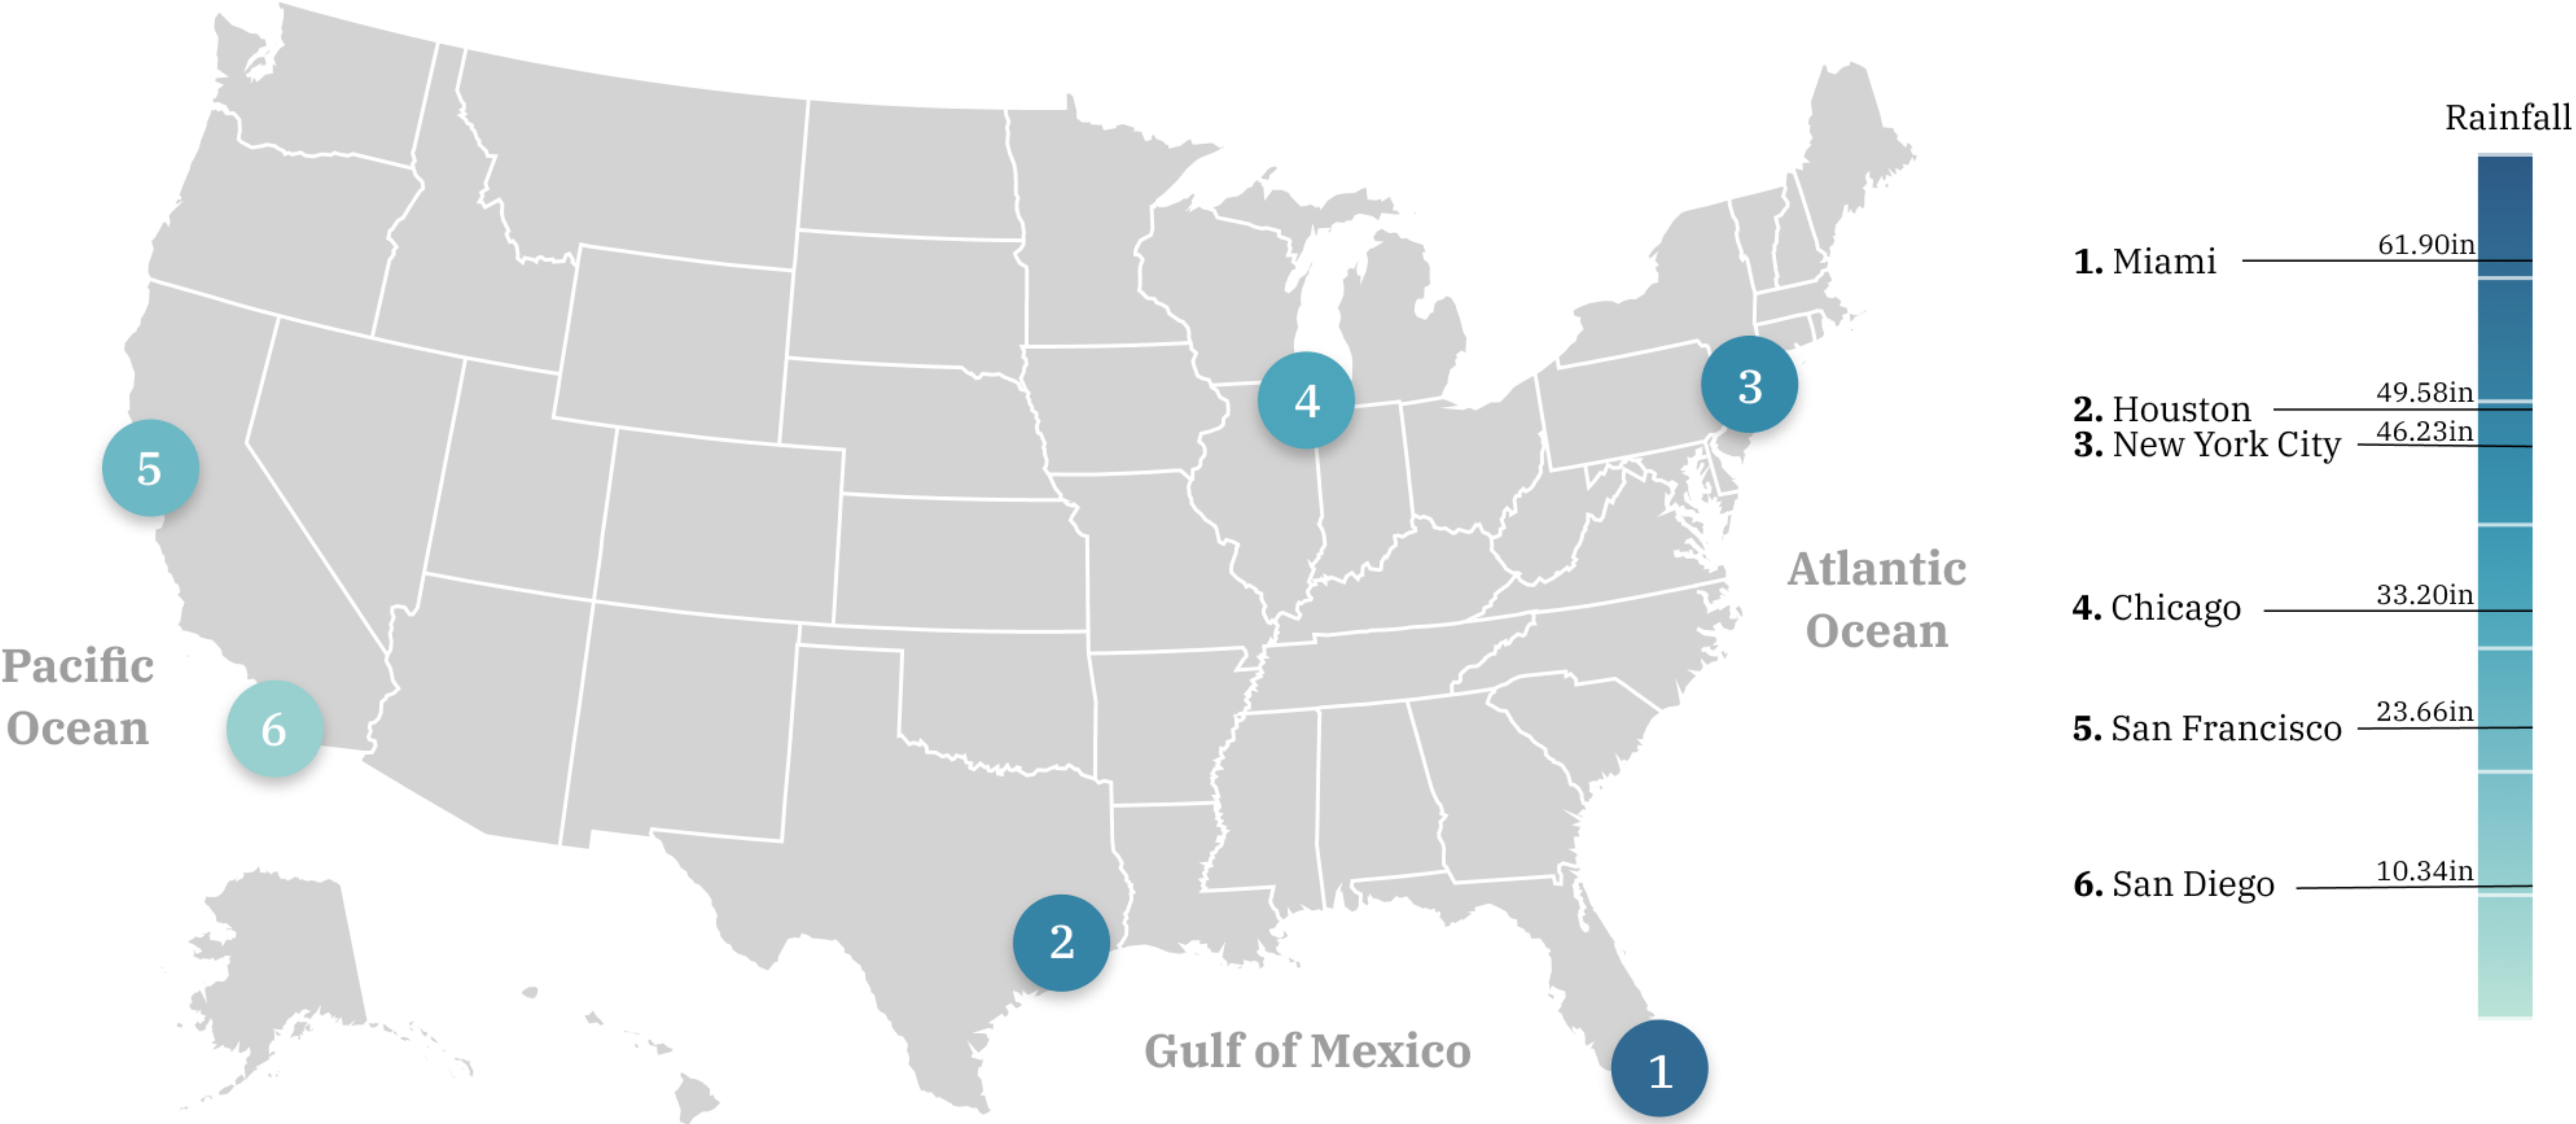

# Which U.S. States Receive the Least and Most Rain Yearly, on Average?

# How Does Location Impact the Average Annual Rainfall of Major U.S. Cities?

# "My Husband Hates Rain. I Love Rain and Hate My Husband. Where's the Best Place to Live in the US?"

WINTER Avg. Precipitation

SPRING Avg. Precipitation

SUMMER Avg. Precipitation

FALL Avg. Precipitation

What is the relationship between sunshine and rainfall by month for each city?

US Rainfall in Major Cities By Season

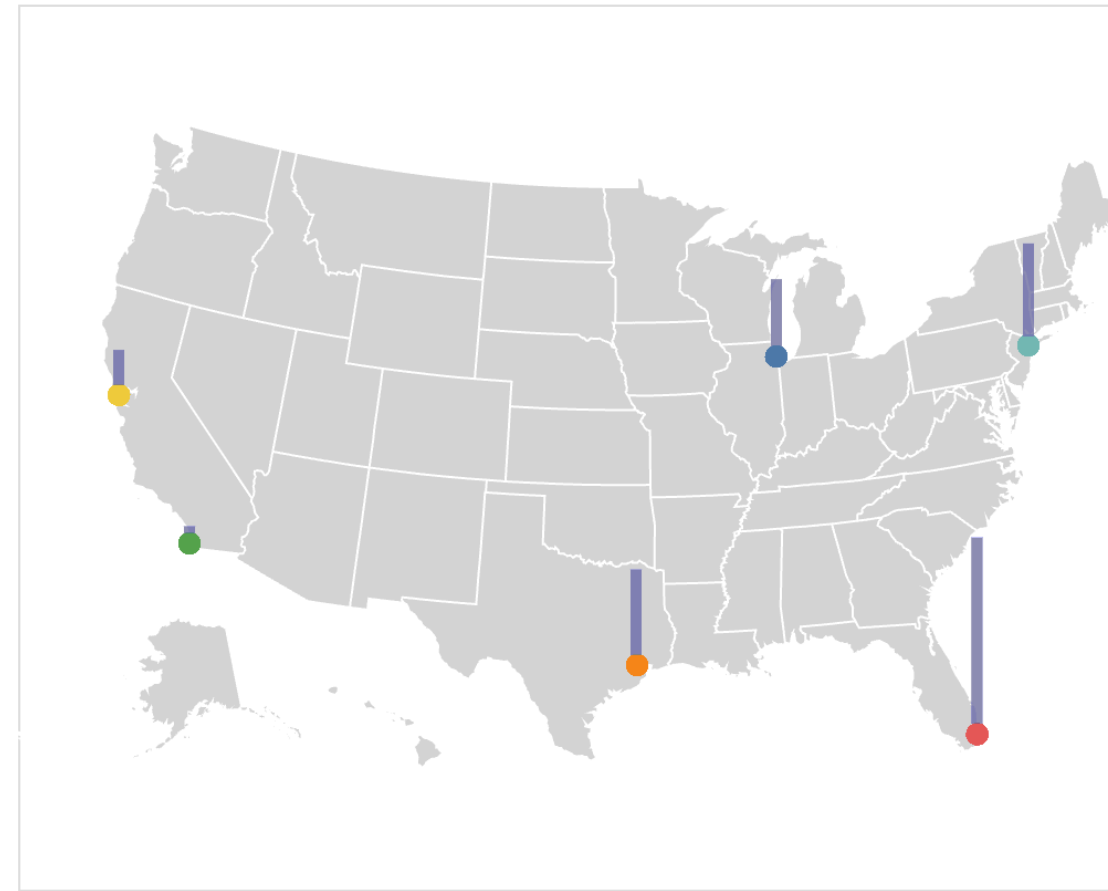

Average Winter Rainfall

Average Spring Rainfall

Average Summer Rainfall

Average Fall Rainfall

- Chicago
- Houston
- Miami
- New York City
- San Diego
- San Francisco

### Did Your City Received More Sunlight to Sunny San Diego in the Same Month?

# A Tale of Two Cities: How Dramatic are the Effects of Seasonal Depression?

Compared to a city like Miami, where sunshine hardly changes year round, Google searches for depression fluctuates much more in Chicago.

### Chicago

### Miami

**variable**  
— Google Searches for 'Depression'  
— Hours of Sunshine

Percentage of canceled or delayed flights and inches of rain by month in San Francisco

# Does San Francisco receive less sunlight in the summer than other US cities?

San Francisco's famous summer fog can block sunlight.

Data from usclimatedata.com, obtained through dsc106.com

# How Does San Francisco's Sunshine Trend Compare to Other Major U.S. Cities?

## San Francisco's Peculiar Sunshine Trend

# Interactivity

# Exemplar: Usain Bolt

## No one is coming close to Usain Bolt's best times

All times under 10 seconds in the outdoor men's 100-meter sprint, using only electronic readings and under regular wind conditions

# **Example: Bertin's Hotel Data**

## Gulf of Evaluation

The level of difficulty in interpreting the system and assessing if goals were met.

User  
Goals

Interface

## Gulf of Execution

The gap between the user's goals and their ability to achieve them using the system.

- ✗ Results returned as a table.
- ✗ No hint on how to reformulate query.
- ✗ Slow question-answer loop.

## Gulf of Evaluation

Python

User Goals

Interface

## Gulf of Execution

- ✗ A rigid syntax designed by/for programmers.
- ✗ Difficult to do "fuzzy" matching.

The screenshot shows a web browser's developer console. The main area above the console is empty. The console toolbar includes tabs for Elements, Console, Sources, Network, Performance, Memory, and Application. The Console tab is active, showing a JavaScript error: `> var canvas = document.querySelector('canvas');` followed by `< undefined`. The current line of code is `> var ctx = canvas.getContext|`.

- ✓ Visual representation of objects + actions.
- ✓ Immediate + continuous display of results.

## Gulf of Evaluation

User  
Goals

# Direct Manipulation

Interface

## Gulf of Execution

- ✓ Physical actions or labeled buttons instead of complex syntax.
- ✓ Rapid, incremental, and reversible actions.

# Connect

Brushing & linking: selection is called a "brush", and the selected data is shown ("linked") in other views.

Link by *tuple* (i.e., explicitly identify and match the same data values across every view).

# Connect

Link by *query* (i.e., matching range or values of fields).

Type of linking operation is not dependent on selection type (i.e., point and region selections can both be used to link by either tuple or query).

# Connect

## How the Tax Burden Has Changed

Most Americans paid less in taxes in 2010 than people with the same inflation-adjusted incomes paid in 1980, because of cuts in federal income taxes. At lower income levels, however, much of the savings was offset by increases in federal payroll taxes, state sales taxes and local property taxes. About half of households making less than \$25,000 saved nothing at all. [About the Data »](#) | [Related Article »](#)
